Because location matters

- ✓ Huelva industrial site is one of the largest in Spain; companies with 50+ years' operational experience.
- ✓ 14 of these companies associated to AIQBE.
- ✓ Together provide more than 8,000 qualified jobs.
- ✓ AIQBE aggregated sales volume exceeded €10 bn in 2015; more than €12 bn in 2014.
- ✓ AIQBE companies have invested over €5.3 bn in the past 20 years.
- ✓ More than 120 auxiliary companies serving Huelva industries.
- ✓ Huelva is a privileged location with high geostrategic value for business interests.
- ✓ Huelva Port is the largest in Spain in terms of available land (1,700 Ha), suitable for high capacity/high draught vessels.
- ✓ Infrastructure, motorways, rail, two international airports within 100Km distance connecting to more than 80 destinations.
- ✓ Full availability of fresh water and electric power.
- ✓ Intermodal logistic area, freight cargo area, etc.

What Huelva offers

- ✓ Neighboring companies are worldwide references in their respective sectors.
- ✓ Mutual assistance in case of incidents.
- ✓ Powerful mining sector.
- ✓ Skilled workforce with a long industrial tradition.
- ✓ University with strong links to industry.
- ✓ Vocational Education Centers with specialized industrial degrees.
- ✓ Excellent public health services.
- ✓ Ideal weather for chemical industry.
- ✓ Auxiliary services and common facilities already available and ready to be used.

Why invest in Huelva

- ✓ Being located on periphery of Europe: is it a disadvantage or an opportunity?
- ✓ Regional Government (Junta de Andalucía) strongly committed to industrial growth.
- ✓ Industrial Strategy 2016-2020 is well aligned with EU policies; it recognizes industry as a priority sector for Andalucía.
- ✓ Strong support from the Junta de Andalucía and strong commitment from local municipalities.
- ✓ Tax advantages for potential investors in specific sites and business centers.
- ✓ Interesting project financing opportunities and other relevant advantages offered by [Invest in Andalucía](#).
